

# ENERGY STIMULANT FOR WEAKENED PLANTS FERTILIZER, 500 G

**Code: 1110263**

Nitrogenized Organic Fertilizer - Fluid  
suspension anti-stress

## COMPOSITION

N 6,4 + 23 C + Fe

## FORMULATION

fluid suspension.

## PACKS

500 g bottle.

## Charateristics

organic fertilizer, both for foliar and root treatments, rich in amino acids, 'Pure Energy', which, together with nitrogen, carbon and iron, strengthen the rooting and the photosynthesis, improve the resistance to environmental stress and diseases (fungi and insects). Ideal for weakened and stressed plants since it helps them to regain their energy balance.

**Florlis®**

## How to use

the content of half cap (15 g) in 5 litres water every 15 days in spring-summer, every 30 days in autumn- winter.
