Charateristics

fertilizer based on minced lupins, enriched with horn meal, oilcake, organic fertilizer with a basis of hydrolyzed leather, iron. Flortis Minced Lupins Plus combines 4 different actions in one solution: 1) lupins improve the physical, chemical, biological properties of the soil, making it more fertile and supporting a healthy development of the plant; 2) horn meal and hydrolyzed leather give the soil high amounts of organic nitrogen with natural slow release; 3) oilcake helps the rooting and increases the resistance of plants to diseases and infections from insects; 4) iron acts against leaves yellowing (iron-induced chlorosis).
