

SOIL INSECTS DISACCUSTOMER, FERTILIZER 1.5 KG

Code: 1110636

Nitrogenous Organic Fertilizer - N 3

COMPOSITION

N3

FORMULATION

powder

PACKS

1500 g box

Charateristics

it is a fully natural organic fertilizer based on neem oilcake which can achieve two important purposes at the same time: 1. feeding: contribution of nitrogen and organic substance to the soil; 2. disaccustomer: the distinctive smell of neem is unpleasant to ants and soil insects which are bothered and leave the undesired area.

Florlis®

How to use

one spoon contains about 10 g. Scatter uniformly on the soil with a dose of 100 g/m², then water. Preventive action: scatter the product along the outer edge of the area to protect for a 2-3 cm wide strip. Treat every 3 weeks. Curative action: scatter the product on the whole surface of the infested area. Treat every 3 weeks until ants disappear, afterwards keep a perimetric protection strip.
