

ORGANIC VEGETABLE ALL-PURPOSE, FERTILIZER 1 KG

Code: 1110643

vegetable origin (from malt rootlets)

COMPOSITION

Nitrogenous Organic Fertilizer - OilcakeN 5
+B+Cu+Fe+Mn+Mo+Zn

FORMULATION

pellet.

PACKS

1000 g box

Charateristics

fertilizer based on amino acids and vitamins of solely vegetable origin, enriched with a complete set of micronutrients. When scattered on the soil it delivers to the plant slow release nitrogen, which is needed for the development of the supporting structure and the organs of photosynthesis, and restores the reserves of micronutrients of the plant improving the production both in qualitative and quantitative terms. It increases the plant resistance to environmental stress and to diseases and improves the ripening and the organoleptic qualities of fruits. Ideal for kitchen garden, fruit-bearing, flowering and ornamental plants. Doesn't contain raw materials of animal origin. Totally biodegradable (no residues in the soil).

Flortis®

How to use

scatter uniformly on the soil with a dose of 10- 30 g/m² according to the crop; then water. Treat every 15-20 days.
