

ORGANIC SOFT FRUIT, FERTILIZER 500 G

Code: 1110663

Nitrogenous Organic Fertilizer - Fluid stillage

COMPOSITION

NK 2-6+B+Fe+Mn+Zn

FORMULATION

fluid suspension

PACKS

500 g bottle

Charateristics

organic fertilizer obtained from natural raw materials, studied to feed strawberries, blueberries, raspberries and potted soft fruit. The high content of organic substance, together with the set of micronutrients, helps the strengthening of the plant, a greater resistance to adversities and an abundant and high-quality fruit production.

How to use

dilute the content of one cap in 3 litres water and water the plant with this solution until the soil moistens. Treat every 10-15 days from March to September, every 20-25 days from October to February.
