

ORGANIC HOT PEPPER, FERTILIZER 500 G

Code: 1110673

Nitrogenous Organic Fertilizer - Fluid stillage

COMPOSITION

NK 3-5+B+Fe+Mn+Zn

FORMULATION

fluid suspension

PACKS

500 g bottle.

Charateristics

organic fertilizer studied to provide the right feeding of all sorts of hot pepper plants. The high content of organic substance, together with the set of micronutrients and the right ratio between nitrogen and potassium, helps the growth of the seedlings, the strengthening of the plant and an abundant and high quality fruit production.

How to use

dilute the content of one cap in 3 litres water and water the plant with this solution until the soil moistens. Treat every 10-15 days until fruits are fully ripe.
