

SOIL ACIDIFIER CORRECTIVE, 1 KG

Code: 1130101

Corrective - Sulphur (S) (87) or agricultural use easy-to-dose lentiform formulation

FORMULATION

lentiform.

PACKS

1000 g box.

Charateristics

it's a particular lentiform compound with a basis of elementary sulphur and bentonite. Due to moisture the clay swells and breaks up the granules into smaller particles which can so be transformed into sulphuric acid under the action of thiobacteria which are into the soil (organic oxidation) or later on under the action of the air, moisture or temperature (inorganic oxidation).

Period of Use

JAN FEB MAR APR MAY JUN JUL AUG SEP OCT NOV DEC

Florlis®
