Code: 1230681

ideal for gardens, campsites, woodpiles, doors etc.

FORMULATION

liquid

PACKS

500 ml bottle

Charateristics

it is a disaccustomer studied to naturally prevent the presence of lizards and geckos in the outdoor sites like gardens, campsites, woodpiles and the house sites like windowsills, doors, balconies etc. The product is a mixture of essential oils whose fragrance is unpleasant to lizards and geckos. The product is harmless to people, animals and plants if used properly and does not contain propellants, respecting the environment.

How to use

sprinkle from a distance of 30-40 cm from the object or place to protect. Sprinkle every day at first, then every other day. In case of rain or wash of the surface it is necessary to sprinkle the product again.
