

STAINLESS-STEEL PIGEONS DISSUADER, 100 CM - 80 SPIKES

Code: 1335000

to keep away pigeons and other birds

PACKS

100 cm base

Charateristics

it helps to keep away pigeons and other birds from windowsills, balconies, eaves and roofs in a mechanical way, preventing them from alighting without harming them. It consists of stainless-steel spikes (80) already mounted on a 1 metre base in flexible stainless steel. It covers up to 1 m, can be applied on any surface, is easy to fasten and maintain, weather-proof and longlasting.

How to use

fasten the base with silicone, screws, expansion plugs, nails, clamps or other suitable way. It is advised to place the dissuader along the perimeter of the area to treat.
