

RUGIADA DECO SPRAYER

Code: 1336200

Ergonomically designed sprayer with all-around (360°) release

PACKS

1 unit

Charateristics

The advanced sprayer RUGIADA has a dispensing technology based on a new generation of trigger that does not need to use conventional propellant gases and pressurized containers. It has a very fine nebulization that - combined with the continuous spray functionality - covers large areas quickly and evenly. Moreover thanks to a superior ergonomics, together with a 360° (all-around) release, the spray can be held in all directions.
