

Florlis®

ORGANIC LAWN AND GARDEN, FERTILIZER 5 KG

Code: 2110382

Nitrogenous Organic Fertilizer

COMPOSITION

N11

FORMULATION

pellet.

PACKS

5 kg sack

Charateristics

fertilizer made of raw materials of natural origin, which provides a proper feeding of lawns and garden plants. The high percentage of organic nitrogen improves the soil fertility, aids the strengthening of the roots, increases the resistance to trampling and favours a good vegetative vigour of the garden.

How to use

40-80 g/m² according to the kind of the crop and the size of the plant. Scatter uniformly on the soil, then water. Treat in spring and in autumn.
