

Flortis®

MINCED LUPINS ORGANIC FERTILIZER 4 KG

Code: 2110500

Nitrogenous Organic Fertilizer

COMPOSITION

Oilcake N 3

FORMULATION

flakes

PACKS

4 kg sack

Charateristics

it is a natural fertilizer containing organic substances suitable to humify the soil and make it more fertile, helping a healthy development of leaves and flowers. Ideal to fertilize lemon trees, citruses in general and for all acidophil plants (azalea, camellia etc.) in pot or in the soil.

How to use

scatter 80-120 g/m² or 40-60 g for 30-50 cm diameter pots. Repeat once a month.
